

Shuriken Origami

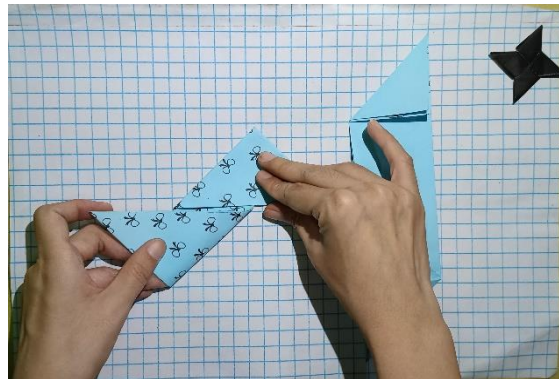

<p>Step 1: Prepare a square paper</p>	
<p>Step 2: Fold it in half lengthwise</p>	
<p>Step 3: Cut the paper in the created crease.</p>	
<p>Step 4: Fold the left paper from left to right.</p>	

<p>Step 5: Flip the right paper</p>	
<p>Step 6: Fold the right paper from right to left</p>	
<p>Step 7: For the left paper, fold the upper right edge diagonally. Fold the lower left edge diagonally.</p>	
<p>Step 8: For the right paper, fold the upper left edge diagonally. Fold the lower right edge diagonally.</p>	

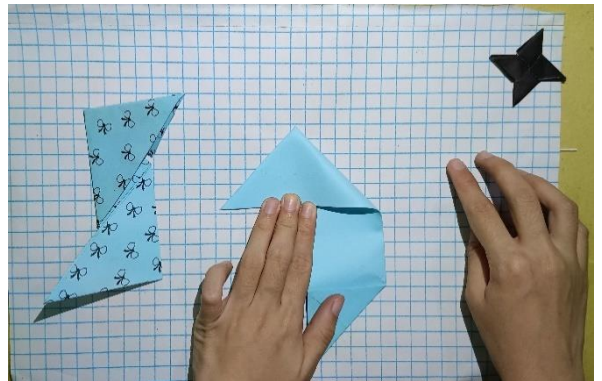

Step 9: For the left paper, Fold the upper part downward where the center of it be vertically aligned to the right side of the paper.

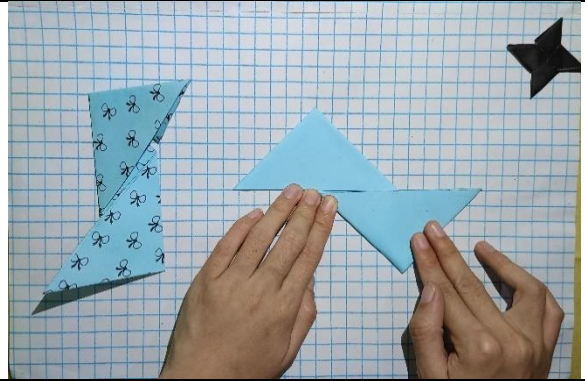

Step 10: For the left paper, Fold the lower part upward where the center of it be vertically aligned to the left side of the paper.

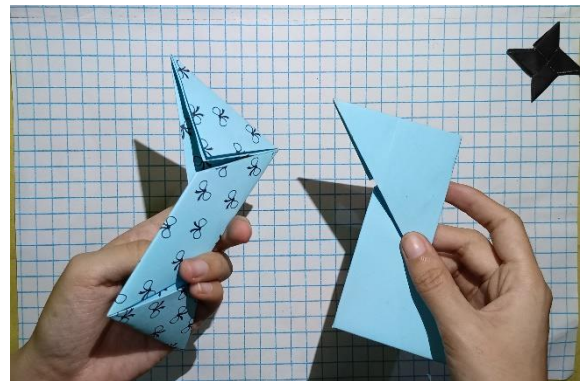

Step 9: For the right paper, Fold the upper part downward where the center of it be vertically aligned to the left side of the paper.

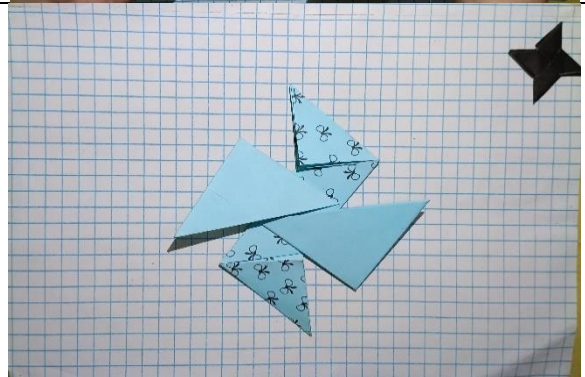

Step 10: For the right paper, Fold the lower part upward where the center of it be vertically aligned to the right side of the paper.

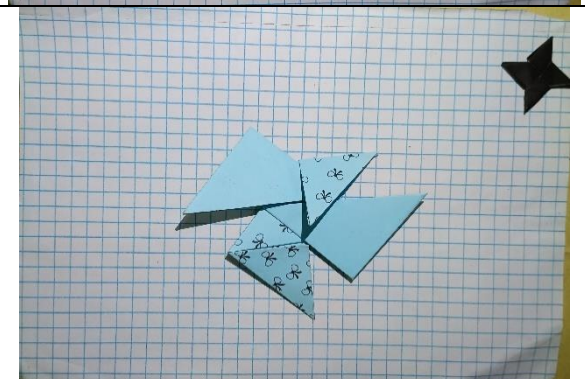

Step 11: Flip the left paper

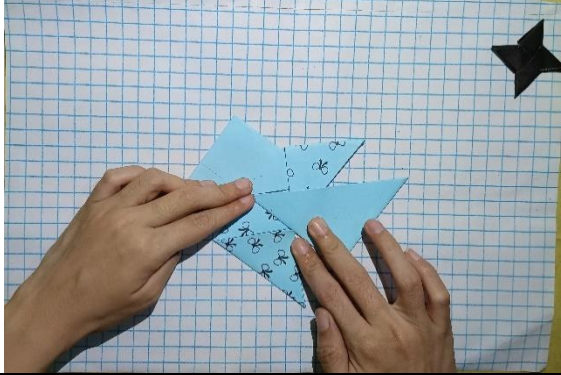

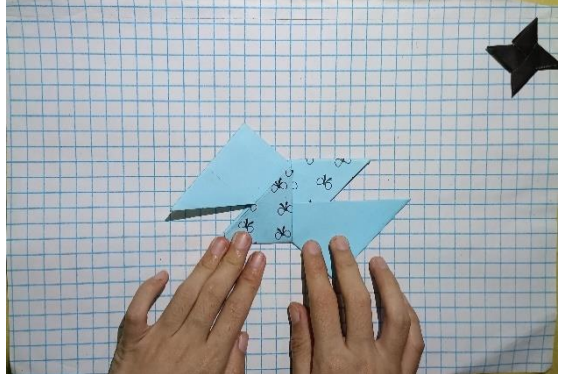

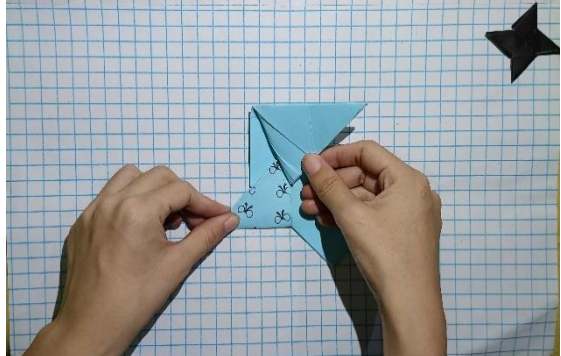

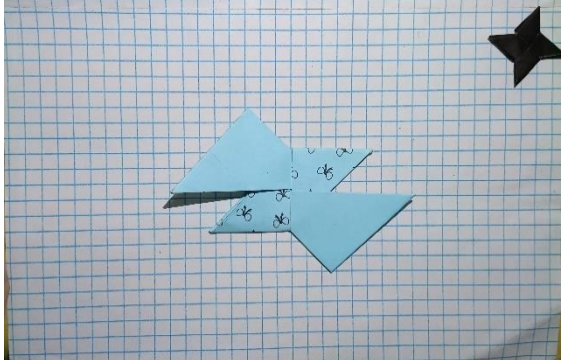

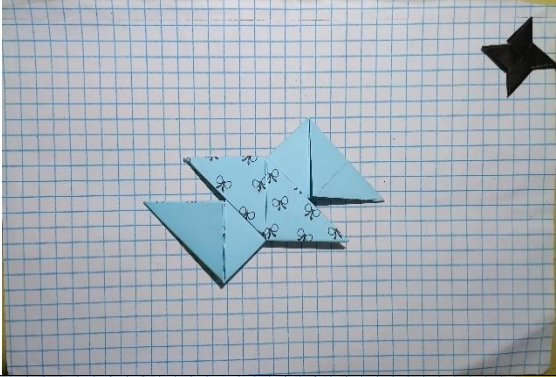

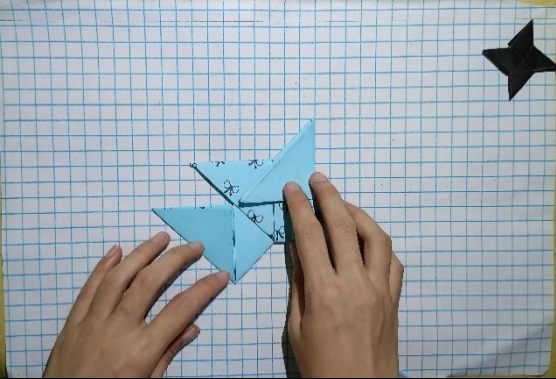

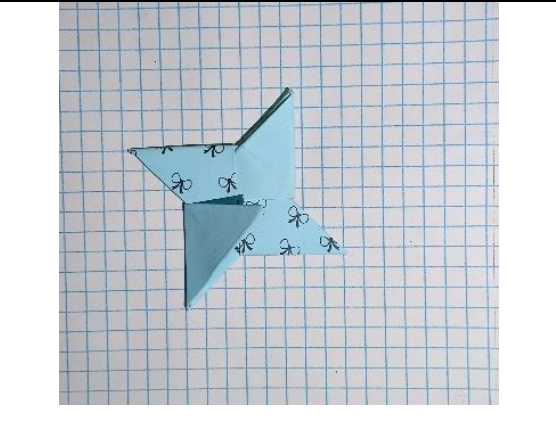

Step 12: Put the right part on top of the left paper like in the shown picture

Step 13: Fold the upper right side downward.

<p>Step 14: Insert the upper right side inside the pocket of lower right side.</p>	
<p>Step 15: Fold the lower left side upward</p>	
<p>Step 16: Insert the lower left side inside the pocket or upper left side</p>	
<p>Step 17: Flatten the paper</p>	

<p>Step 18: Flip the paper</p>	
<p>Step 19: Do the same procedure here but in a different pocket. Fold the upper right side unto the left before inserting inside the pocket of upper left side</p>	
<p>Step 20: Do the same procedure here but in a different pocket. Fold the lower left side unto right before inserting in the pocket of lower right side</p>	
<p>This is the completed origami of shuriken</p>
